D Estimate in table is withheld to avoid disclosing data of individual companies; data are included in higher level totals.

Note: Information on confidentiality protection, sampling error, nonsampling error, sample design, and definitions can be found on the Internet at <www.census.gov/mrts/www/nrely.html

S Estimate does not meet publication standards because of high sampling variability (coefficient of variation is greater than 30%) or poor response quality (total quantity response rate is less than 50%). For a description of publication standards and the total quantity response rate, see http://www.census.gov/quality/S20-0_v1.0_Data_Release.pdf.
